President's Message

Greetings:

Well it looks like the summer is over, colder nights, leaves are turning, and it is time to make sure our cars are ready for the winter. We had a busy September; Washington Crossing Park New Jersey, " Days of the Past", a display of engines tractors and of course a flea market. We also celebrated International Model A Day at Dave and Shirley's house where we held the club picnic with 15 model "A's". On September 27th we celebrated our banquet and awards dinner at the Irish Rover Station House Inn. With 58 attendees and 16 Model "A's". A good time was had by all.

All the best,
Jed

Editor's Message

Hello everyone:

It was great to see everyone at our annual Model A Day picnic. Thanks to Dave and Shirley for hosting the picnic once again as well as everyone who supplied food for the event.

Our club's annual banquet this past weekend was a huge success from the feedback that I received. The food was great and the banquet room was very spacious. We had a very impressive lineup of cars on display in the parking lot.

This issue is loaded with photos from myself and Rich Winans covering recent events and also a couple sent in by Shelly Rosen. Event photos are always appreciated as well as other photos to be used as fill material.

See you on the 1st!

Jim

**I'M JUST YOUR AVERAGE
89-YEAR-OLD**

LIVING IN A 29-YEAR-OLD'S BODY.

Ever feel like you were born in the wrong era? Jonathan, Hagerty's pre-war car specialist, does. He drove a '30 Model A every day for a year. Jonathan's just one of our many specialists, here to make sure our clients get the knowledge and service they expect.

An absurd dedication to collector cars. It's another reason why if you have a classic, you belong with Hagerty.

Now Hear This... Not All Thieves Are Stupid!

Someone had their car broken into while they were at a football game. Their car was parked on the green which was adjacent to the football stadium and specially allotted to football fans. Things stolen from the car included a garage door remote control, some money and a GPS which had been prominently mounted on the dashboard. When the victims got home,

they found that their house had been ransacked and just about everything worth anything had been stolen. The thieves had used the GPS to guide them to the house. They then used the garage remote control to open the garage door and gain entry to the house. The thieves knew the owners were at the football game, they knew what time the game was scheduled to finish and so they knew how much time they had to clean out the house. It would appear

that they had brought a truck to empty the house of its contents.

Something to consider if you have a GPS - don't put your home address in it... Put a nearby address (like a store or gas station) so you can still find your way home if you need to, but no one else would know where you live if your GPS were stolen.

Thanks Sue Newman for sharing this.

Finally , I'm out, all alone , driving my Model A. Hooray for me !

Jest A Minute

■ Two men were adrift in a lifeboat following a dramatic escape from a burning freight vessel. While rummaging through the boat's provisions, one of the men stumbled across an old lamp.

Secretly hoping that a genie would appear, he rubbed the lamp vigorously. To the amazement of the castaways, one did come forth. This particular genie, however, stated that he could only deliver one wish, not the standard three.

Without giving much thought to the matter the man blurted out, "Make the entire ocean into beer!"

Immediately the genie clapped his hands with a deafening crash, and the entire sea turned into the finest brew ever sampled by mortals.

Simultaneously, the genie vanished to his freedom. Only the gentle lapping of beer on the hull broke the stillness as the two men considered their circumstances.

The other man looked disgustedly at the one whose wish had been granted. After a long, tension-filled moment, he spoke: "Nice going! Now we're going to have to pee in the boat."
